MANAGING DIRECTOR'S MESSAGE

Dear Shareholders,

I am pleased to share with you the performance of your Company and present the Annual Report for the financial year 2016-2017. It was yet a difficult year for the global economy as it was characterized by low growth and geographical uncertainties. However the Indian Market showed signs of recovery in the later half of the year but faced a temporary slowdown due to demonetization. Under the leadership of our finance Minister Mr. Arun Jaitley and our Prime Minister Mr. Narendra Modi, India's Economy is growing at a rapid rate due to the persistent efforts from our leaders. Concepts like Ease of Doing business and One Nation One Tax i.e Goods and Service Tax and laws like the new bankruptcy law have put the icing on the cake in building the image of our country. India has strengthened its position in regard to Foreign Direct Investments including the startups which are very much prevalent and common nowadays in our country thus building a huge demand for credit and credit expansion. There has been a significant opportunity for credit expansion to micro, small and medium enterprises (MSME) which has been a core area of business for our company. As per the records and data available the NBFC credit advancement have grown upto 16 percent in the year 2016-2017 and is expected to grow over 20 percent in the future years to come as compared to growth rate of 8 percent in case of traditional banking credit.

NBFC sector has gained a lot of importance in the last years as they have become the biggest receivers of the funds in our financial system. The growth in NBFC is not only due to strong financial performance reported by the market players but also the due to rise in number of such players over the years. In the year 2016-2017 NBFC Loans have expanded 16 to 17 percent as compared to 8 percent through normal banking channels. In addition to this a growth rate of 0.2 percent was also recorded in the aggregate balance sheet of the NBFC sector in spite of the Demonetization effect which hampered the growth of our economy to an extent. Moreover NBFC's have been included in the SARFAESI Act which will help them in speedy recovery of Loans.

As we move into the future, We will broaden our product offerings geographically by extending our areas of operations. Our primary focus will be on growth and expansion. We still have to find different ways for expansion in order to cope-up with the industry standards. However we are adamant to improve our performance in the years to come by improving our leverage. Lastly I am very thankful to my effective and knowledgeable for their constant suggestions and positive criticism which has enabled us to work harder and turn up to the expectations of our stakeholders including the community in which we operate including the society at large. I would like to thank our shareholders for their immense support as we drive towards making your Company in to a leading financial organization in India. As India continues to take its place as perhaps the most fastest growing economy in the world, we are also determined to grow in tandem with the country for the benefit of all the stakeholders of Neil Industries Limited.

With warm regards,
Yours sincerely,

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
